ABOUT COMPANY

Comprac is the leading professional Health and Safety service provider to various industries in South Africa. We have been providing professional Health and Safety services in these industries for more than two decades, developing integrated solutions tailored to your needs and legal requirements.

We are well positioned throughout our offices in Gauteng, Western Cape and KwaZulu-Natal, providing services nationally and internationally.

Mission and Vision

We aim to build long term relationships based on exceptional quality services and with our focus on continuous improvement

Mission

Our mission for all of our legal entities to be the company of choice in establishing and maintaining Occupational Health and Safety Legal Compliance for all our customers and employees, by identifying, mitigating and managing Occupational Health and Safety risks.

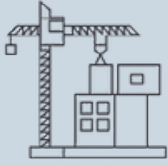

Vision

It is our vision for all our legal entities, to be the preferred professional service provider in all industries of Occupational Health and Safety legal compliance.

What we do:

We are market leaders in providing professional accredited and internationally recognized SHERQ services in the following industries:

Construction/ Civil Industry

We provide services, assistance and guidance throughout all 6 stages of construction projects giving our customers peace of mind in the Occupational Health and Safety Compliance sector.

Energy Producing Industry

We provide turn key integrated safety management solutions to private and public power producers, Principle Contractors and Trade Contractors in this field. Our safety solutions are tailor made to our Clients' needs from supplying SACPCMP registered safety professional on a needs analysis basis to for design, development, implement and training on integrated SHERQ Management System. Our industry knowledge is well documented through the implementation of different African legislations as well as industry and world best practices.

Petrochemical Industry

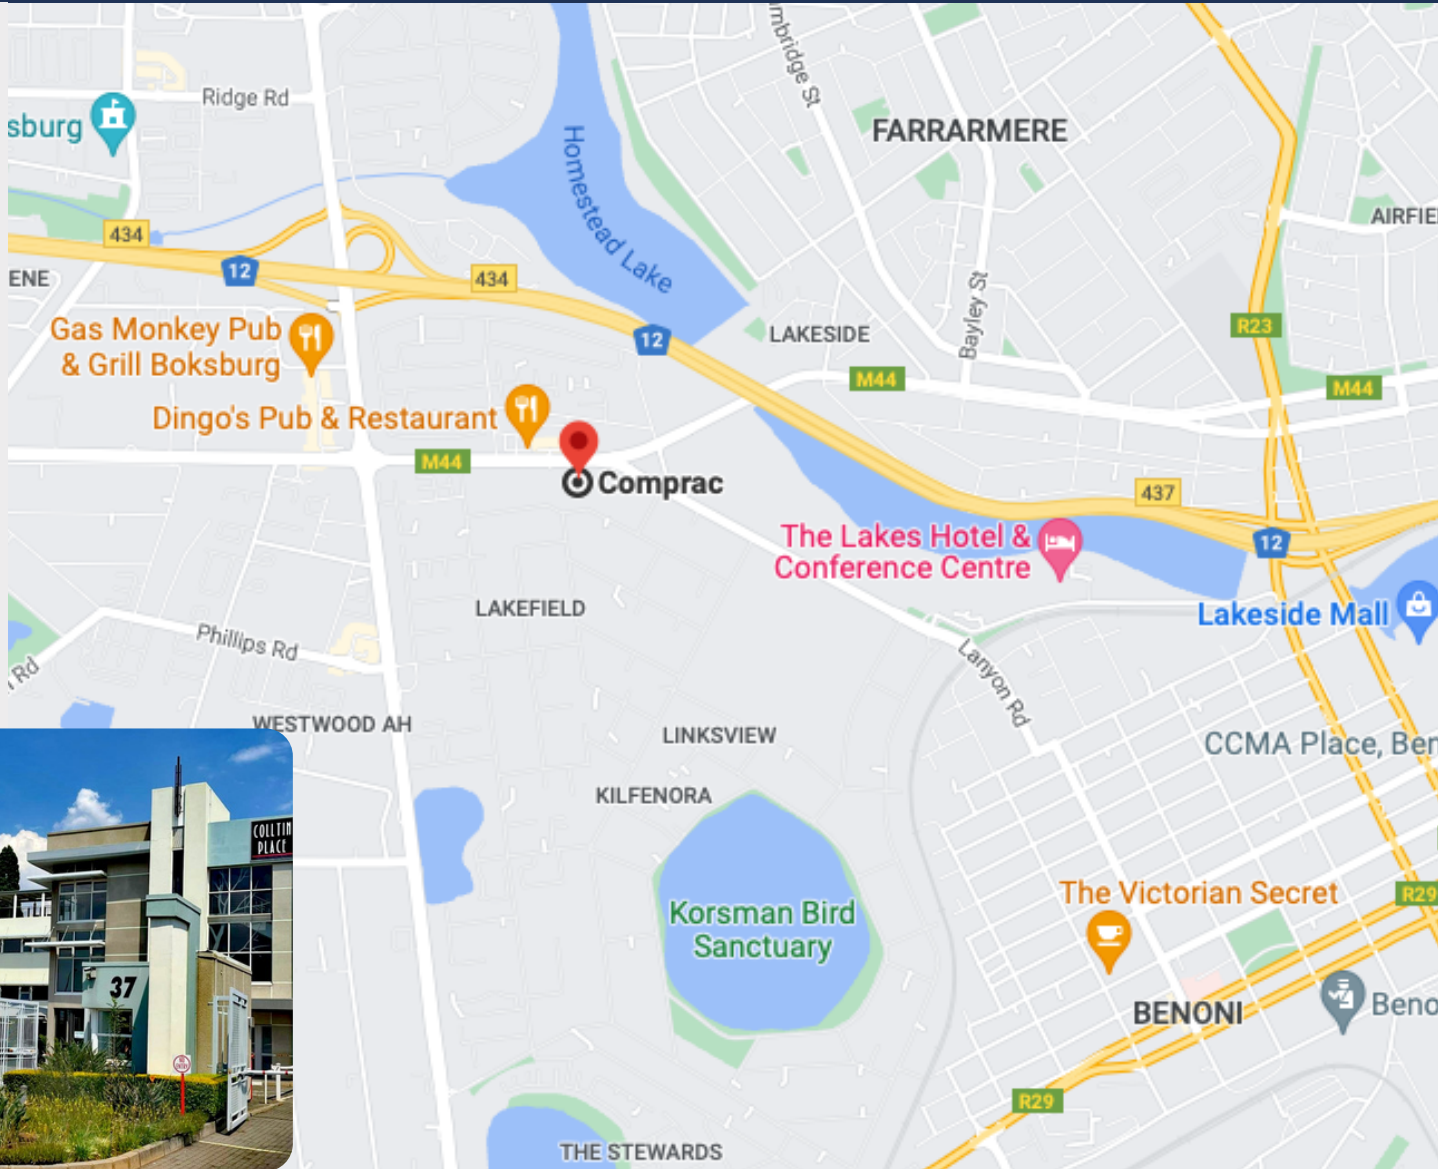

Comprac specializes within well-established petrochemical industries, both in terminal and retail maintenance sectors. Whereby ensuring that our clients internal Health, Safety and Environmental (HSE) Systems, Legislative and other requirements are being met by our Clients Principle Contractors.

Telecommunications Industry

We provide turn key integrated safety solutions to telecommunications clients, principle contractors and subcontractors. Our safety solutions are tailor made to our clients' needs and specifications (Nationally and Internationally) from supplying a permanent or part time SACPCMP registered safety professional to training and implementation of integrated management systems including client specific requirements . We have managed the implementation of different African legislations as well as industry and world best practices within the Telecoms industry.
